LADIES AND GENTLEMEN—
Two years ago I was not known in Blairmore. This spring I have sold more made-to-measure suits than any merchant in The Pass, which is sufficient proof that my customers are satisfied. Believe in satisfying and have always found that if you can produce the goods the customers will pay the price.

BLAIRMORE ALBERTA

A. Bowers, A. McLeod and M. Rose went up to Calgary on Wednesday on business, the former to attend a meeting of the liquor license commissioners.

The ice cream social, which was to have been held on Wednesday by the Catholic Altar Society, has been postponed indefinitely on account of the Hillcrest disaster.

The Hillcrest Disaster

A veil of gloom hovers over this section of the Crow's Nest Pass following the terrible explosion in the Hillcrest mine. Since our last issue many hours of restlessness have been experienced and many terrorizing scenes have been witnessed. First reports of the extent of the disaster were, we regret to say, not at all exaggerated, for it is generally conceded to have been the worst disaster in the world's history as far as the percentage of population affected is concerned. Of all the homes in Hillcrest, ninety per cent. have lost an inmate and over one hundred women are widowed.

The work of rescue has been carried on continually, body after body being brought to the mouth of the mine. At the time of writing all but one have been given regular Christian burial.

Following the explosion, Coroner Pinkney empaneled the following jury, who have since viewed the bodies and held several sessions:

J. W. Gresham, blacksmith, Blairmore, chairman.
J. J. Thomas, miner, Frank.
Harry Smith, miner, Coleman.
G. W. Goodwin, miner, Bellevue.
John Shone, miner, Bellevue.
C. Fuchs, hotelman, Hillcrest.
T. H. Duncan, miner, Passburg.
George Grafton, miner, Bellevue.
E. Ross Mackenzie, miner, Bellevue.
A. E. Farmer, gentleman, Frank.

The main enquiry will take place on Tuesday, July 7th. Sunday's funeral was an impressive one, all the more so inasmuch as the number of illustrious participants at the little town of Hillcrest, which for many a day will date time from this tragic scene. Even the elements seemed to sympathize with the mourners, for over and over again through the tragic proceedings fell pitiful spurts of sleet, snow and rain, and the wind, wistfully played with the wreaths and flowers which marked the narrow confines that held all that was mortal of father and brother.

The funerals were in charge of a committee appointed, and the arrangements were carried out without a hitch. Funeral services were held by the Catholics in the school house, by the Anglicans in the new Anglican church, by the Baptists, Presbyterians and Methodists in the Methodist church, by the Masons in the Methodist church. The identification and classification of the bodies was taken care of by R. E. Campbell, M. P. P., and G. Cruickshank. Ministers of all denominations took part in the services, including Reys, Young, Cook, Hunter, Munster, Hart, Murny, Jones, Shire, Benton and DeLestre.

The most interesting spectacle on Sunday was the mass of Orangemen and Oddfellows who combined their forces to pay the last tribute of respect to their deceased members. Each society was represented by upwards of one hundred members, which included a number from Coleman, Blairmore, Fincher Creek and Cowley. At the gravesides the joint ceremonies could not but impress one with the high ideals of these fraternal bodies, whose last aim is to provide decent sepulture for the dead and comfort for the widows and orphans of those deceased.

The Masons also turned out strong.

On Tuesday evening the Odd-

The Blairmore Council

The regular meeting of the Blairmore council was held on Monday night, the mayor and councillors Dutil, Beebe and Sinclair being present.

The minutes of previous meeting were read and approved, after which the following accounts were passed upon:

C. E. Hisecock \$100.00, Jas. Burrows \$25.00, Rocky Mountain Cement Co. \$119.00, B. Serandi \$21.00, A. Pozzi \$13.80, R. Lanetta \$13.80, D. A. Sinclair \$12.00, R. H. Paton \$30.00, W. A. Henderson & Co. \$37.50, H. G. Bigelow \$2.50, I. Gigliotti \$10.00, L. Lapoliti \$25.50, P. Mancini \$21.00, S. Giuseppe \$33.00, J. Longhead \$44.00, E. Hinds \$22.50, F. W. Donah \$13.00, W. J. Bartlett \$80.58, R. C. Green \$17.40, Dr. J. W. Mackay \$62.50, Edward P. McNair \$25.00.

The appointment of James Patterson as sanitary inspector was recommended to the council by W. J. Bartlett on behalf of the Board of Health.

Sinclair-Dutil—That the appointment of James Patterson as sanitary inspector for the town be approved. Carried.

Sinclair-Dutil—That 3 per cent. be added to all arrears of taxes for costs in connection with the tax enforcement return. Carried.

The account of taxed costs recommended by the clerk of the court against James R. Irwin in connection with the latter's dismissed action against the Town of Blairmore was read.

Beebe-Sinclair—That the account above referred to, for the sum of \$211.50, as taxed costs in Irwin versus the Town of Blairmore, be paid upon receipt of the \$100 paid into court together with receipt in full for services in connection with this case.

The above costs are to be levied against the plaintiff James Robert Irwin, ex-chief of police of the town. As will be remembered, Mr. Irwin took action against the town for \$5,000 damages following short notice dismissal by the council. In this action judgment was given in favor of the town, Irwin to pay all costs. It thus appears that such costs have not yet been paid.

The money by-law to provide for the raising of a sum of money to build and equip a fire hall was not introduced because of the absence of Councillor Rouse.

Government Will Investigate

Ottawa, June 21.—The government here has communicated with the authorities at the Hillcrest mines in Alberta, where the recent terrible disaster occurred and messages of sympathy have been sent by the prime minister. The authorities have been asked to let the government know how best assistance may be rendered, and what form it should take.

It is expected that when the extent of the disaster has been made known and the amount of suffering ascertained, a governor-general's warrant shall be issued providing a substantial grant for the families of those who have been killed. In order that full particulars may be obtained, J. B. McNiven, one of the officials of the department of labor, has been sent out to make a full investigation.

fellows, about forty strong, proceeded from Hillcrest to the station followed by the remains of five brethren, who were being shipped to Nova Scotia.

Appeal Made For Aid For The Sufferers

Hillcrest, Alta., June 22.—"Fellow citizens: Once again a terrible calamity has fallen upon a portion of our people by which nearly 200 families have been bereft of those upon whom they depended for support. One hundred and ninety miners nearly all of whom were heads of families, have been killed by the explosion on Friday last at Hillcrest. The consequent suffering and destitution is beyond the realization of those of our people who have never witnessed or experienced the effects of such a disaster, but who, nevertheless, will sympathize with them in their unfortunate position.

"On behalf of these destitute families I appeal to the people of this country for assistance to alleviate their wants. At the request of those most nearly interested, I have appointed a committee composed of Judge of the District Court of Macleod, Mr. A. J. Carter, secretary of District 18 of the U.M.W. of A. and Mr. Colin Macleod, barrister. All monetary contributions should be offered to the Union Bank, Bellevue, Alta., to the credit of the Hillcrest Widows' and Orphans' Relief Committee constituted and any food or clothing addressed to the same committee handed to any C.P.R. agent will be forwarded free of charge acknowledgments of which will be made through the press. Believing that the citizens of Canada now as in the past will come to the assistance of the sufferers, I remain,

Yours very truly
R. E. CAMPBELL, M.L.A.,
Rocky Mountain.

Popular Attraction Coming

At the Blairmore opera house on this Friday night one of the most popular attractions of the season will be presented. The play is entitled "The Shepherd of the Hills," portraying Harold Bell Wright's most popular novel of that title. The play is practically a true narrative of life among the humble dwellers of the Ozarks. It touches off the emotions, and its influence is wholesome and helpful, notwithstanding several rough characters that figure more or less prominently. The shepherd of the story is a cultured and rugged stranger who comes into the hills, glad to escape from the vanities and conventionalities to which he has been accustomed. There is a flock needing a shepherd, and he thankfully accepts the lowly occupation of a sheep tender, but soon becomes shepherd of a human flock, the big hearted mountaineers, their families, and all who need a friend and advisor. Among his most devoted followers are Old Mat and Young Mat, the clowns of the hills, Sammy Lane, glorious in the beauty of young womanhood, and Poor Pete, a deranged lad who understands the voices of nature and sees what others cannot see. There is a mystery of the hills which often terrifies, but at the last the solution is brought about by Pete and the shepherd, and it is the latter who is most deeply afflicted and concerned. It is hardly necessary to add that a pretty romance is woven into the humor, pathos and tragedy, for the play throughout is one of human interest with a conclusion that is thoroughly satisfactory to Young Mat, and of course to the auditor.

Messrs. Gaskill and MacVittie, the producers, have given the play a superb scenic mounting and a cast that has been carefully selected for its fitness to each type.

We understand that the Crow's Nest Pass League football fixtures will be cancelled, and that all games played for the balance of the season will be for the relief of the sufferers from the Hillcrest disaster.

Miss Gene Calkins, for some time past stenographer in the law office of L. H. Putnam, has resigned her position, and leaves for Calgary tomorrow.

The remains of D. Emery and Fred Bingham were sent to Westville, Nova Scotia, last night in charge of William Emery, brother of the former and brother-in-law of the latter. Both men were victims of the Hillcrest explosion.

Frank Happenings

A number of local Oddfellows, members of the Blairmore lodge, journeyed to Hillcrest on Tuesday evening to convey the remains of four of their unfortunate brethren to the Hillcrest station for shipment to their former homes in Nova Scotia.

On Sunday evening, at 7.30, a memorial service for those killed in the Hillcrest mine will be held in the Methodist church. The choir will render special music. All are specially invited to attend.

MARRIED—On Monday, June 22nd, Vincel Slepak to Miss Christine Yench, both of Frank. Rev. W. T. Young performed the ceremony in the presence of many friends.

MITCHELL—PATTERSON—At the Sanatorium hotel, Frank, on Monday, the 22nd, Rev. W. T. Young united in matrimony Donald Buchanan Mitchell to Miss Phyllis B. Patterson, both of Fernie.

A severe wind storm visited this burg on Monday last, and in its course took off the roof of the Union Hotel, which at that time was standing near the C.P.R. track on its way to its new site. During the flight the telegraph wires of the C.P.R. and the town electric wires were broken, and the roof was taken clean off the waiting room of the station. Several electric poles were blown down and nearly all phone in town were temporarily in commission. The C.P.R. have a gang of men engaged effecting repairs.

J. Nevens, of Lethbridge, who had been visiting his brother R. Nevens, during the past week, returned home on Tuesday evening.

Owing to the calamity at Hillcrest, all football engagements have been cancelled.

George Young, an old timer around Frank and Coleman, but now of Lethbridge, spent the week end renewing old acquaintances, returning home on Tuesday evening.

Examinations for mine managers and pit bosses took place at the Sanatorium hotel this week.

Municipalities Present Their Grievance

Members of the executive of the Union of Alberta Municipalities waited upon Premier Sifton at Edmonton on Monday afternoon, with respect to recent legislation of the provincial government affecting the finances of municipalities in the way of liquor licenses, schools and so forth. The premier promised to submit the representations of the deputation to his colleagues. The annual convention of the union will be held at Camrose, probably the latter part of September.

Official Figures

The following are the official figures of last Friday's disaster by explosion in the Hillcrest mines:

Went into mine	237
Rescued alive	48
Total dead	189

The Canadian Government has sent \$50,000 as a portion of the fund to be used for relief of families of the victims.

As the outcome of having made \$1,600 during the first part of the oil boom, a young man in Calgary has become completely demented and has been taken to Ponoka. A week or so after the oil strike it was noticed that he was acting queerly and was constantly endeavoring to sell leases and stocks which he had acquired. Eventually he succeeded in getting \$1,600 in cash for certain properties, and next morning when he awoke he was obsessed with the idea that he was worth 16 million dollars. He handed the clerk at the Pallister hotel, a cheque for 3 million dollars saying that he was going to buy the place, and he also gave a friend a cheque for one million dollars, remarking that he was going to buy the Loughheed block and was negotiating for the purchase of several other business premises in the city.

Judge Carpenter and four others have been appointed by the provincial government to investigate the Hillcrest disaster.

Rev. GEORGE W. KERBY, B.A., D.D., Principal.

King George Sympathises

Ottawa, Ont., June 22.—The governor-general here received the following cablegram from King George sympathizing with the sufferers in the Hillcrest mine disaster:

"I am grieved to hear through the press of the terrible disaster at Hillcrest coal mine by which it is feared many hundreds have lost their lives. Please express my deepest sympathy with the sufferers and also with the families of those who have perished."

(Signed) GEORGE.

The remains of Fred Bingham, one of the victims of the Hillcrest disaster, were shipped to his home in Nova Scotia by last night's express. Deceased was a member of the I.O.O.F., and the remains were looked after by Blairmore lodge.

John T. Sterling, chief inspector of mines for Alberta, has been authorized to provide for the dependent families in immediate need at Hillcrest.

Considerable damage was done to the Frank C.P.R. station on Monday, by the wind. A portion of the roof of the Union hotel blew off, striking the station and practically demolishing the waiting room. Repairs have since been effected.

The inquest into the Hillcrest disaster will be held at Hillcrest on Tuesday, July 7th, commencing at 10 a.m.

Catering to All

A Boston merchant tells of an old grocer in Massachusetts who was about as "rich" as an article as one would care to meet. "One day," says the Bostonian, "I stopped before his shop and looked curiously at a long line of barrels of apples, some marked with an 'A' and some marked with a 'Z'.

"What is the meaning of these markings?" I asked. "The barrels contain the same kind of apples," "They are the same kind," said the old gentleman, "but some customers want a barrel opened at the top and some at the bottom,"—New York Times.

Dr. Morse's Indian Root Pills

are just the right medicine for the children. When they are constipated—when their kidneys are out of order—when over-indulgence in some favorite food gives them indigestion—Dr. Morse's Indian Root Pills will quickly and surely put them right. Purely vegetable, they neither sicken, weaken or gripe, like harsh purgatives. Guard your children's health by always keeping a box of Dr. Morse's Indian Root Pills in the house. They

SHIPS WHICH BREAK IN TWO

An Accident to Oklahoma May Explain Some Mysterious Disappearances

Important questions are raised by the wreck of the tank steamer Oklahoma, which should not be lost sight of in the tragedy of the lives and the remarkable escape of part of the crew. This ship was comparatively small—built no longer ago than 1918—with a gross tonnage of about 6,000. But when balanced on top of a wave or when lifted up and end by two waves, it broke in two apparently as quick and as cleanly as if of hollow between under a knife.

That its bulkhead construction was of the best is indicated by the fact that the stern half raced along for some time under a full head of steam and nearly ran down the bay, which kept about half sunk by the cannon-shot of a derelict-destroyer. If one freight ship of apparently the most modern construction can thus break in two under the mere stress of wave motion, why may not others, including passenger vessels, be exposed to the same danger? As a matter of fact they are, and have many cases accumulated to the test.

There was the Western Reserve on the great lakes, which went down with all hands from such an accident. The British torpedo-boat catcher, the Okla, broke in two last year, and all on board were lost. The Santa Rosa, on the Pacific Coast, was similarly broken in two last year, and in July of last year the Japanese Manchuria, undoubtedly many of the ships which have left port and never been heard of afterward disappeared from the same cause.

The Oklahoma was 118 feet long, or about half the length of the average trans-Atlantic liner, and as length increases, the relative longitudinal strength diminishes necessarily. Ocean liners are the longest ships afloat, long enough always to be sure of a single wave or never exactly bridging two waves, each position being a double risk to the slightest vessel, but ship builders do not appear to be as sure as they should be that the strain could be withstood if it ever came.

Experts like Samuel Holmes, of this city, explain the Oklahoma and other cases of the kind by the fact that the transverse strength of the hull follows a single line around the girth of the ship and so concentrates the strain along the weakest point, resulting from the numerous rivet holes. But why then should so obvious a cause of weakness be persisted in when it might apparently be overcome by a wider distribution of the strain in a manner which might well engage the closer attention of ship architects and builders—New York Times.

Minard's Liniment used by Physic

Impossible Claims. The late George A. Hearn, the millionaire business man and art collector of New York was noted for his kind and reasonable treatment of his employees. Mr. Hearn used to smile at the new scientific management craze of which he once said at a dinner:

"These scientific management people, with their claims of saving money by doubling and tripling a man's labor, remind me of the humble hod-carrier's impossible pride, as the time I had used six boxes. I was again feeling quite well."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by sending to The Dr. Williams' Medicine Co., Brockville, Ont.

The Fly Problem

Now is the time to begin the anti-fly campaign for the coming season. It is a foolish mistake to wait until the flies have multiplied and become a real pest, for then it is practically impossible to get rid of them. The problem is really one of sanitation. No flitter insect enters our homes.

The fly with its hairy legs and wings readily carries thousands and even millions of germs. Fresh from the barnyard, the garbage bin, or manure pile, and reeking with the vilest filth, the flies find their way into the kitchen and the dining room and are soon spreading their filth over various articles of food. Every fly speck is a foul mass of contamination.

Failure of the Dictionary

A business concern, after running its own trade organ for some time, decided that it must have a printing department under its own supervision. It found that the "ordinary" printing office is not properly equipped to get out large quantities of special matter on short notice in an up-to-date manner and at an "equinoctial" cost. Soon after the printing turned to the other and inquired, "Do you spell 'equinoctial' or 'equi' in the dictionary?" "I am not sure," said the other. "Look in the dictionary," after searching the first said with a surprised expression, "That's here." The second came to help him, but had no better success. Then they stared at each other in astonishment, till one exclaimed, "Well, what do you think of that? That would get up a big dictionary like that and not put in such a common word as 'equinoctial'!"—Argonaut.

How Hammer of Death-Struck James. The old parish church of Plumstead is probably at least 100 years old. The picturesque churchyard, a charnel house of a poor old parish, during his visits to Shroton Hill, contains a delightfully chosen "derangement of epitaphs." One of these, the tomb of Master James Darling, aged 10, teaches a lesson of moderation during the church service of the church. The hammer of death was given to me for eating the cherries off the tree.

HOW TO CURE STOMACH TROUBLE

The Common Cause is Lack of Blood—Therefore You Must Build Up the Blood

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for large part of its nourishment, while every act of digestion, from the time the food enters the stomach and is assimilated by the blood needs plenty of pure well-oiled blood. The muscles, glands and nerves of the stomach work only according to the quality of the blood.

The most common cause of indigestion is lack of rich, red blood. Not only does impure blood weaken the muscles of the stomach, but it lessens the product of the glands of the intestines and stomach, which furnish the digestive fluids. No living will more promptly cure indigestion than plenty of pure blood. Dr. Williams' Pink Pills are the safest and most certain blood-purifier. A thorough trial of these pills gives a hearty appetite, perfect digestion, strength and health.

Is there proof of the value of these Pills in cases of indigestion? Mr. Alfred Austin, Vras, Ont., says: "My system became run-down and my stomach very weak. I had trouble for food and what I did take caused me great distress, and did not afford me nourishment, and I was gradually growing weaker, and could scarcely do any work at all. I did not sleep soundly at night and would wake up not at all refreshed and with a feeling of dread. Some years previously I had used Dr. Williams' Pink Pills with much benefit and this decided me to again try them. My confidence was not misplaced, as by the time I had used six boxes, I was again feeling quite well."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by sending to The Dr. Williams' Medicine Co., Brockville, Ont.

FOUND THE CAUSE THE REST WAS EASY

DODD'S KIDNEY PILLS QUICKLY CURED HIS KIDNEY DISEASE

How Hudson Marchbank, After Suffering for Five Years, Found Quick Relief and Permanent Cure in the Greatest of Canadian Remedies. Marchbank, King's County, N.B. (Special)—After suffering for five years from kidney disease, brought on by a strain, Hudson Marchbank, Esq., a well known farmer of this place is again a strong, healthy man, and another grand cure for Dodd's Kidney Pills has been put on record in an interview. Mr. Marchbank says:

"About five years ago I hurt my back from lifting, and it developed into kidney disease. My back pained me all the time, and I was very much troubled with headaches. My appetite was still; I had a bitter taste in my mouth in the morning; I perspired freely and my perspiration had a disagreeable odor. "I used liniments and plasters, but they did not do me any good, and as there were other symptoms that my kidneys were affected, I decided to try Dodd's Kidney Pills. After using two boxes, my back was completely cured, and my kidneys have not troubled me since."

When Mr. Marchbank decided that his kidneys were the cause of his troubles, the rest was easy. Almost any of his neighbors could tell him that Dodd's Kidney Pills always cure diseased kidneys.

Cure Children's Colds By External Treatment

Mothers Will Find Nothing so Speedily and Reliable as Old-Time "Nerviline"

It's really a shame to upset a young child's stomach by infusing medicine when external treatment will so promptly break up a cold. When your boy comes into play with his feet soaking wet, his throat hoarse and sore, his little chest tight and congested, just apply Nerviline. Give him a vigorous rubbing over his throat, and put lots of Nerviline on his chest and rub it right in. To make Nerviline penetrate more quickly over his chest and throat with a hot fanned bandage. This treatment WON'T FAIL. Your boy will be feeling better in half an hour, and you will have the satisfaction of knowing you have ward off perhaps a cold, or gripe, or illness that might have laid him low.

Nerviline is mighty good for preventing colds and for breaking up a cold of work. For general family use it cures all sorts of external aches and pains. For general family use it cures all sorts of external aches and pains. For general family use it cures all sorts of external aches and pains. For general family use it cures all sorts of external aches and pains.

Under Oath

Smith was one of the foremost engineers of his time. His one fault was an enormous lump of conceit. He completed a piece of work for a large corporation and was compelled to sue for his fee, which was \$25,000, says the attorney-general as counsel for the corporation.

"On what ground do you base your exorbitant charge for this miserable piece of work?" For general family use it cures all sorts of external aches and pains. For general family use it cures all sorts of external aches and pains. For general family use it cures all sorts of external aches and pains.

What? "I don't want to brag about myself. I've done many foolish things in my time, but I've never been in one way."

"What's that?" "I never had the idea that I could paper my own wisdom myself."—Detroit Free Press.

FOUND THE CAUSE THE REST WAS EASY

DODD'S KIDNEY PILLS QUICKLY CURED HIS KIDNEY DISEASE

How Hudson Marchbank, After Suffering for Five Years, Found Quick Relief and Permanent Cure in the Greatest of Canadian Remedies. Marchbank, King's County, N.B. (Special)—After suffering for five years from kidney disease, brought on by a strain, Hudson Marchbank, Esq., a well known farmer of this place is again a strong, healthy man, and another grand cure for Dodd's Kidney Pills has been put on record in an interview. When Mr. Marchbank decided that his kidneys were the cause of his troubles, the rest was easy. Almost any of his neighbors could tell him that Dodd's Kidney Pills always cure diseased kidneys.

Then They Quit "What's the trouble here?" "The bellboys are on a strike."

Just a Joke!

One day the teacher was instructing a class of youngsters in geography, and to this end she told them to close their books while she asked a few questions about the lesson. "Johnny," said she, beginning with a "bright-faced" youngster, "what is the name of the principal river in Egypt?"

"The Nile," was the easy rejoinder of Johnny. "That's right," returned the teacher, encouragingly. "Now, please give me the name of the Nile's smaller tributaries."

"Tributaries, Miss Mary," answered Johnny. "Could hardly live for asthma—writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This remedy has been his savior. He has been afflicted with asthma, inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his whole stock."

"We want you to help out our village improvement society," said the village clerk. "Certainly I do," replied the clerk. "Well, then, listen to me. There must be some lying done."

"Well, I'll leave everything to you, counselor!"—Yonkers Statesman.

STANDARD Gas Engine Oil

Recommended by leading builders for all types of internal combustion engines. Keeps its body at high temperature, leaves practically no carbon deposit. Equally good for external bearings.

Letting the Light in

Shops and businesses that are illumined by advertising have a vitality and efficiency not possessed by shops and businesses that drape their service and activities with a pall of silence.

Everybody knows that it is in all ways good to let much light into dwellings, factories, shops and stables—into all places where life is and where health and efficiency are desired.

We commend to the merchants of this community the advantages and good results of persistent advertising in our columns, for the public always goes where light is—the public shuns dark places. Light means welcome and confidence.

A WORD TO MERCHANTS

Advertising will go far towards retaining the loyalty of old customers and winning you new ones. Fifty-two advertisements in our columns will prove an excellent salesman—one whose yearly cost to you will be less than what you are now paying to some salesman behind your counter.

Bellevue Happenings

The wind storm on Monday did quite a lot of damage in the camp.

The people of Bellevue are going to start an angling club. See Steve Humble.

Mrs. John Steele returned to camp from Calgary, where she had been on business.

Bellevue men were amongst the first to enter the mine at Hillcrest after the explosion.

Mr. and Mrs. Walter Scott left this week on a visit to Mr. Scott's parents in Edmonton.

Rev. and Mrs. W. H. Irwin left Wednesday for their new station at Athabasca Landing.

Mr. and Mrs. Eschewich of Fernie are visiting in camp, the guests of Mr. and Mrs. A. Goodwin.

The Rev. F. Cook has arrived in camp and will preach his first sermon on Sunday, the 27th of June.

Mrs. John Crawford, who has been in Calgary consulting an eye specialist, returned home again this week.

George Davey and Charlie Ward, of Fernie, were in the camp last week-end, to attend the funerals of the Hillcrest victims.

Peter Radcliffe came from Fernie on Saturday to lead the funeral of Mr. Gallimore. He returned home on Sunday night.

Mr. and Mrs. George Baleman are selling out their furniture, having decided to leave for the Old Country in a short time.

Andrew and George Wallace lost their brother Rod in the Hillcrest mine. The people of Bellevue extend their sympathy to the Wallace family in their bereavement.

SHAKE OFF YOUR RHEUMATISM
Now is the time to get rid of your rheumatism. Try a twenty-five cent bottle of Chamberlain's Liniment and see how quickly your rheumatic pains disappear. Sold by all dealers.

The Bellevue band has lost one of its members in the Hillcrest disaster. Mr. William Gallimore played a solo cornet in the band for some time. The band attended the funeral at Hillcrest on Sunday and played the Dead March in "Saul."

CAN'T KEEP IT SECRET

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all dealers.

The two well-known Dugdale boys, Bob and Alexander, were killed in Hillcrest mine. The people of Bellevue wish through the columns of The Enterprise to extend their sincere sympathy to the bereaved family, also to Mr. and Mrs. Harry Campbell.

TAKE PLENTY OF TIME TO EAT.
There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and swallowed. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

One of the most timely mottoes is just being adopted by our popular merchant, Steve Humble. It reads thus: "Don't ask for credit when your money goes to mail-order houses—ask them!" Many of the people of The Pass should mark, learn and inwardly digest this motto. Hundreds of people are sending their money away to mail-order houses in the hope of saving a cent. If they are in want they invariably will look to the local merchant for assistance. All local social or patriotic efforts are dependent upon local support, and the strongest argument that can be put up cannot convince us of the wisdom of patronizing the foreign house.

Local and General

Alex. Smith was up from Lethbridge on Saturday.

A polo match and sports will be held at Cowley on July 1st.

R. Fawcett, of the C.P.R., was in town on Wednesday.

Mike Rosse's car has again been sent to the Calgary hospital for lubrication.

The Michel brass band rendered several selections on Victoria Street on Monday evening.

The city of Lethbridge voted \$2000 for the relief of the Hillcrest sufferers.

Mrs. Kidd's maternity home, Box 95, Phone 151, Wedding cakes decorated.

Akili-elough water caused the death of \$2000 worth of sheep at Grassy Lake last week.

On account of the Hillcrest disaster, there were no services in local churches on Sunday last.

The mines at Hosmer, B. C., which employed about five hundred men have closed down.

Mrs. E. C. Keith, Teacher of Music and Elocution. 75c per hour each. Eighth Ave. North.

Mike Rosse's scalp was almost completely run over on Tuesday, and his escape was simply miraculous.

The city of Lethbridge has contributed two carloads of provisions, equivalent of \$1000, to the relief of destitution at Hillcrest.

J. Menard, formerly business manager with the West Canadian Collieries Co., returned from France on Tuesday night.

J. C. Clarke, one of the victims of the Hillcrest explosion, took out a \$10.00 life policy with insurance agent McDonald on May 1st.

The city council of Calgary held a special meeting yesterday for the purpose of voting a grant for the relief of the Hillcrest sufferers.

Coleman will be the magnet on Wednesday next, when the annual sports will be pulled off. The Orvis have arranged a splendid programme.

Mrs. Charles Chestnut came down from Poonahoon on Monday to attend the last rites of her brother, J. Clarke, who was killed in the Hillcrest explosion.

Mrs. L. H. Putnam and Mrs. W. H. Muncester returned from Hillcrest on Tuesday, where they had spent about four days ministering to the widowed and fatherless.

The telegraph and telephone systems were put out of business temporarily by the high wind on Monday. Large trees were snapped off and carried the lines down with them.

A meeting of the council as a court of revision will be held on Tuesday to consider the appeals of the West Canadian Collieries Co. and W. A. Beebe against the 1914 assessment.

Piedmont oil sold in Blaimore at from \$1.00 to \$1.25 per share, while it was quoted at Calgary for 40 cents. It is now quoted at 28 cents, and the "ankers" certainly look grieved.

J. B. Biddome, principal of Pincher Creek public school, is in town conducting the examinations. Twenty-four candidates are sitting, seven of whom are from Coleman and six from the Blaimore school.

Malcolm Lynk, one of the survivors of the Hillcrest explosion, has gone east with the remains of one of the victims. Malcolm has survived four mine explosions and states that this last experience will be his last.

In the local school recently the teacher had his pupils debate on "Woman Suffrage." After writing on the blackboard the resolution, "Resolved that woman should have a vote," a little lad jumps up and ejaculates "Well, if an election was taking place and women allowed to vote, and Kinfourty at that

Victims and Survivors Of Hillcrest Disaster

The following is a list of those who lost their lives in the Hillcrest mine disaster:

James Bradshaw, Tom Barclay, William Turner, Leonard Clark, Robert Parry, Mat Dickenson, Gustave Franz, David Murray, Robert Collier, William Rose, Mel McLean, Dan Collin, Nick Maghery, W. Neath, James Fyfe, Alphonse Housden, Frank Bosock, William Morley, D. Thomas, Joe Voltrasky, Albert Rees, D. Albanese, Louis Rossi, William Fox, Jacob Andriessen, Vene Volodsky, Dan Krasnyuk, R. Allan, Malcolm Lynk, Fred Grzeszinski, Hugh Stevenson, John Wallace, F. Ferkeke, S. Koller, W. G. Howe.

One of Blaimore's most prominent citizens, who owns and operates a car that is not a "Ford" started to raise Cain while cosily posed in a chair held down by a local barber on Tuesday night. As a result a stiff healer sent the big stiff out into the broiling rays of the sun and baffling breezes which seemed to wax wrath and wait anything but comfort in his half clipped head, for the clipper stopped short just midway across that cranium. Some barbers are pretty clever, but the one in question beats the limit for slick jobs.

Some Ball Players

There's great joy in Blaimore. And Blaimore boys are merry. For twice they've won from Coleman.

So I guess "we should worry!"

George Young, formerly of the power-house at Frank, and now living in Lethbridge, spent a couple of days in The Pass, during the week. He will spend the remainder of his holiday up north.

time should open up a new stock of hats, the women would all go to Kalfury's." Moral—Although there is such agitation for woman suffrage, it's a secondary consideration with the women after all.

JAMES CARTER

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. For sale by all dealers.
